Vardhan Bhawan, Rajvansh Colony Ayodhya Bypass Road, Bhopal (M.P) 462037 📍

OBJECTIVE

I am working to be one of the best Developer, and also I need to work on technologies like Cloud Computing, Data Science and Blockchain. I aim to promote programming as a hobby and help in learning computer technologies.

EDUCATION

Peoples University
2020
Graduation B.Tech CSE
7

Indore Public School
2015
10+2 (CBSE)
67.2

Indore Public School
2013
High School (CBSE)
8.4

PROJECTS

Automated Attendance System Using Face Recognition
Using opencv I have developed an application which use real time video and recognize the person and update the detail along with timestamp in database, that will me used for viewing and managing attendance record and real time monitoring using web interface.

Cross Border Transaction using Blockchain
Reducing the steps of traditional transaction process and making faster and more secure cross border banking transaction using Blockchain technology.
